

Life's Verse #2

Haiku Collection
by
Adam Wessel

2-11

Feeding the two wolves
I must now pick only one
They stand stoic and await

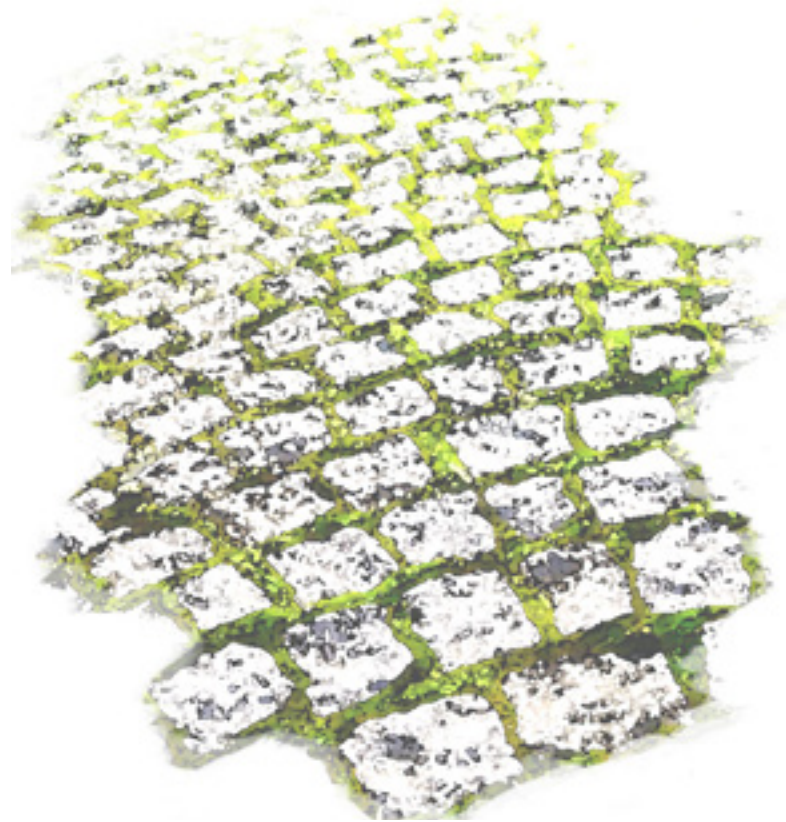

2-12

Duality seen
Upon cobble stone broken path
Breaking through is grass

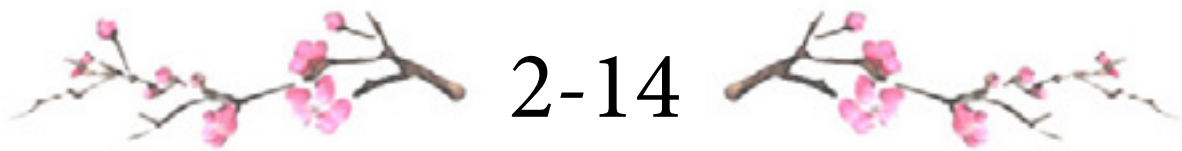

2-13

Luck is my sane way
To not believe in fates sway
Destiny is choice

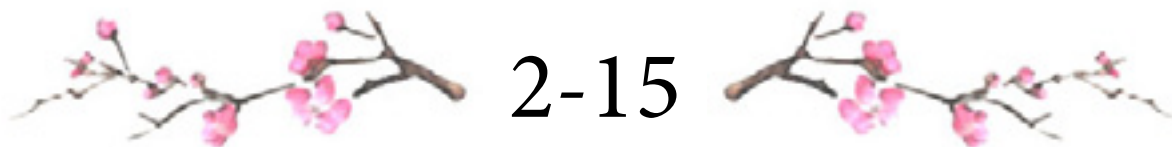

2-14

Four leaf clover lines heart
Although unlucky in loves dance
I still can hear music

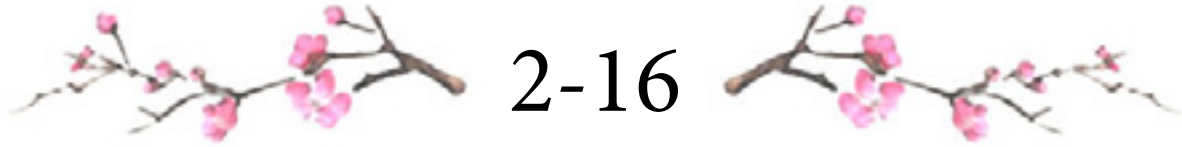

2-15

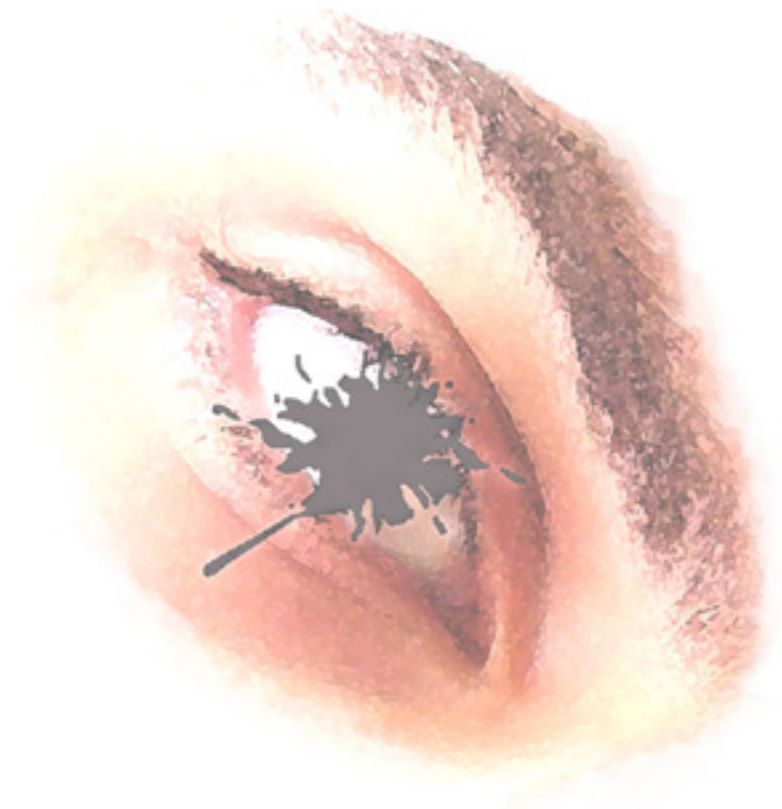

Upon her fair hips
I lay my loving warm hands
She knows I am hers

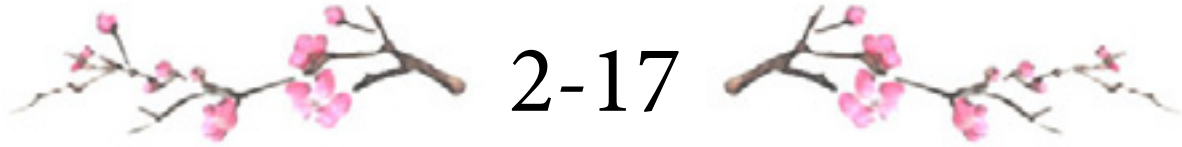

2-16

Black scribble's shadow
Rorschach painted on my eyes
Can you see between?

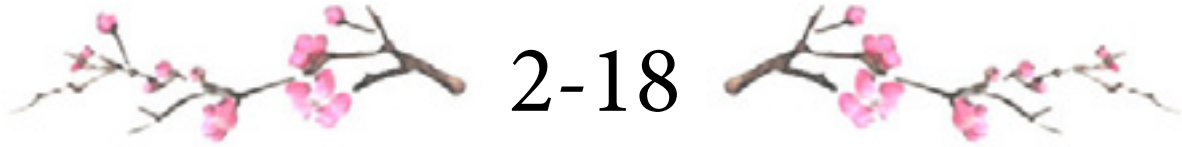

2-17

Answer quick the call
Sword and shield ride for hell's gate
Where angels fear tread

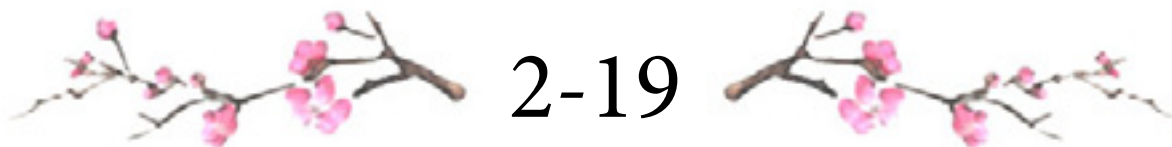

2-18

Lion lies in wait
Licking ferocious fangs sharp
Kingly roar makes quake

2-19

The muse refused me
When I offered her my hand
Handed me a pen

2-20

I struggle with God
Three days, three nights, in the rain
Neither lost or won
